RE: Parole Case Evaluation for Paris Lee Bennett (TDCJ #01804782, Ferguson Unit)

PURSUANT TO TEXAS CPRC 132.001

I, Calvin Bax, do hereby declare under penalty of perjury under the laws of the State Texas, that the following statements are factually true, absolute, and uncompromised:

1. Autonomy of Intent: This declaration of support is executed with total autonomy, of my own free will, and based entirely on my independent judgment. This document has not been prompted, requested, or coerced by inmate Paris Lee Bennett, nor has it been influenced by any tactical deceit or third-party interference.

2. Exclusion of Manipulation: I formally affirm with absolute certainty that throughout the entirety of my correspondence with Paris Lee Bennett, from its inception to the present date, there has been no instance of manipulation, psychological dominance, or tactical subversion. As a professional [redacted] behavioral specialist, I possess the full cognitive, analytical, and professional capacity to evaluate the nature of our communication objectively. My decision to extend sponsorship is strictly rational, strategic, and independent determination.

STRATEGIC RE-INTEGRATION MANAGEMENT & BEHAVIORAL OVERSIGHT

Operating from the Netherlands, I am a professional [redacted] behavioral specialist managing complex canine regulation and risk-mitigation programs across the southern regions of the country (Limburg and Brabant). My professional background is strictly rooted in the management of complex, high-stakes environments—specifically as a specialist in the behavioral regulation, tactical

deployment, and structural re-integration of high-level working animals [redacted]. Operating across multiple regional jurisdictions requires extreme vigilance, precise behavioral management, and the maintenance of rigid operational structures to safely redirect high-functioning, high-drive entities into prosocial compliance.

I possess the specific structural and administrative framework required to monitor and stabilize a high-intelligence re-integration trajectory from an external standpoint. I formally guarantee the following foundational oversight and support infrastructure to the State of Texas:

- **Intellectual and Behavioral Accountability:** Recognizing Mr. Bennett's specific cognitive blueprint, I am uniquely positioned to serve as his primary accountability partner. [redacted] I will provide a 24/7 structural sounding board designed to de-escalate cognitive friction, reinforce emotional regulation, and enforce immediate alignment with reality whenever situational challenges arise. He will have round-the-clock access to my direct digital channels (including email and secure telecommunications) to immediately regulate any mental or situational friction and realign with his established plan.
- **Financial and Logistical Sponsorship:** I have allocated the necessary personal capital to provide Mr. Bennett with a structured monthly financial allowance for his [redacted] Furthermore, I will directly finance his essential technological and logistical infrastructure—specifically ensuring immediate access to a personal mobile telecommunication (smartphone) to maintain constant availability for parole supervision and employment sourcing.
- **Sustained Professional Transition:** Leveraging my experience in structural placement, behavioral management, and [redacted], I will actively collaborate with Mr. Bennett to identify, analyze, and secure viable professional opportunities within the civilian sector that match his analytical capacities and high-drive profile.
- **Voluntary Daily Occupation Offer:** To support his daily routine mental well-being, and personal growth upon release, I will regularly provide him with educational literature, paperbacks, and self-study books. This will ensure he has a constructive, positive, and meaningful daily activity focused entirely on personal development while he seeks local employment in the civilian sector, fully subject to the rules and approval of his assigned parole officer. This structured academic engagement requires a monitored digital communication loop, as Mr. Bennett will independently compile weekly written summaries and linguistic reports of these educational materials, which he will transmit back to me for my personal evaluation and feedback, enforcing strict accountability and eliminating operational risk.

Mr. Bennett will not be a financial, structural, or logistical burden to the State of Texas; his transition is fully backed by an unyielding, intellectually sophisticated, and financially independent framework designed to eliminate recidivism risk and enforce absolute compliance with all TDCJ mandates.

I declare under penalty of perjury under the laws of the United States of America and the State of Texas

that the foregoing is true and correct.
